

WNMMN DISCIPLESHIP MINISTRIES

We are eagerly anticipating a new Bible Quiz season. Last year we had a number of teams compete in our JBQ and Teen national tournaments. Wisconsin/Northern Michigan did well. Really well. Congratulations to all of our teams on such a great season.

As you know we made a few changes last year and they went well. Here are a few things that we learned from last year and will institute for the new season.

JBQ will still include 2nd-6th grade and JBQ Basics will still include K-6th grade. We are asking teams to be wise in setting up their JBQ Basics teams. JBQ is open to those, in eligible grades, who are willing to commit to a longer season and are more interested in the competitive aspects. JBQ Basics is geared toward younger students and those who want an introduction to the JBQ program with a shorter season and less competitive environment.

We are making a change in our schedule as well. We will still have our first league meet on the first Saturday in November. The registration deadline for JBQ and JBQ Basic is September 20th! Registrations after September 20th will have a \$10 late fee and no registrations will be accepted after October 10th. *TBQ registration deadline is still September 1st. Registrations after September 1st will have a \$10 late fee and no registrations will be accepted after September 20th.

JBQ Basics will have a shorter season. We will host only 2 meets. One meet in November and one in December. Carrie Lutter has redesigned the meet schedule as you will see.

We will also reduce the cost to have a JBQ Basics team. Making the JBQ Basics teams compete again in February, was considered too difficult for most of our churches who participated in our survey. I think Carrie's changes will work well for our teams.

Quizzing helps our kids memorize and apply God's Word and teaches them about teamwork and responsibility--it can be a wonderful discipleship tool for kids/youth small groups. I believe every church can be involved at some level. Bible quiz is an exciting, fulfilling experience for both quizzers and coaches. Join our network of committed coordinators, coaches and students by sponsoring a team for the 2023-2024 season!
